Dear **Nytanya Loretz**

**Re: greenOFFICE FULL MANAGED PRINT SERVICE SOLUTION to AFRIPACK**

Afripack has partnered with greenOFFICE since end January 2013, and since then GO has supplied all consumables for owned devices.

greenOFFICE services/maintains all Afripack owned devices, manages our 3<sup>rd</sup> party rentals & service level contracts together with their service/maintenance calls.

Afripack receives monthly detailed usage reports for each of Afripack business units, which details solutions/recommendations that assist in cost reduction, which in turn improves efficiencies.

- greenOFFICE now works with all Afripack business units to actively and effectively reduce their print volumes by improving on document work flows and user behaviour when it comes to document management.
- greenOFFICE system, PrintWISE allows to monitor all print jobs that are processed by Afripack document output devices.
- greenOFFICE has commenced analysing and actively recommend solutions that aids in a reduction of prints and therefore reduction in costs.

Afripack is appreciative to have greenOFFICE on board for ease of transactions relating to Afripack Managed Print Services.

Yours Sincerely,

**Premilla Bundhoo**  
Group Procurement / Exports
