Leading the way in sustainable print strategy development

Green Office's goal is to reduce the number of pages that each of its customers prints by at least 20 percent. Many of its MPS clients have achieved significant savings milestones.

The following list provides some examples:

Milestones and Achievements - 2015

1. COST SAVINGS - R 14 946 433 saved by clients in 2015.

2. WASTE - Reduction in / avoidance of waste – 3 806kg

(Assisted clients to duplex print – paper not printed, therefore waste reduced / avoided.)

Waste diverted from landfill and recycled – 397 130kg

(Collected clients' used empty cartridges for recycling.)

3. WATER - Litres of water saved – 640 898 litres

(Assisted clients in reducing paper and electricity usage and supplied clients with remanufactured print cartridges.)

4. ENERGY/ELECTRICITY - Energy saved – 938 508 kWh

(Assisted clients in reducing paper and electricity usage, and supplied clients with remanufactured print cartridges.)

5. CARBON FOOTPRINT - CO2e saved – 1 363 599kg CO2e

(Assisted clients in reducing paper and electricity usage while supplying clients with remanufactured print cartridges and collected clients used empty cartridges for recycling.)

6. NATURAL RESOURCES - Litres of oil saved – 158 096 litres

(Supplied clients with remanufactured cartridges.)

7. SOCIAL RESPONSIBILITY - R 177 010 – Donated to various charities through encouraging clients to donate the value of their empty cartridges to charity.
